CATALOG 2023

THE *Life* COLLECTION

LIFE is an ode to matter, from which shapes seem to arise naturally and effortlessly.

It expresses the Brand's desire: exploring the potentialities of materials and discovering their intrinsic essence, so as to enhance their beauty.

Every object is the outcome of a dialogue between Master Artisans and nature, and the result of an accurate research of materials.

Badari LIFE revisits classical shapes, giving them an organic twist and highlighting materials textures, plays of light and shadows created by color variegations, marble's sinuous veining, metal's roughness and stone's natural shapes.

The final result is a unique style, which fits in every ambiance, even the most modern ones.

Badari LIFE encloses the beauty of matter.
